Who fzeta is

Our Company is a team of **confident, skilled** modellers and detailers **dedicated** solely to the sector of **steel structures**.

We fully **understand** our client's **every need** and fulfill their **every request**.

At fzeta we **collaborate** with and support our customers in order to **achieve** excellent results in terms of **quality, professionalism, improvements** and the optimization of fabrication and erection **processes**, all within their **time schedules**.

We are **ready** for your next **job**.

Expertise

- Onshore Plants and Process Structures
- Oil&Gas, Energy, Pipe racks, Bulk Material Handling
- Megaroofs, Warehouses, Towers, Commercial Buildings
- Shiploaders/Unloaders, Stackers, Reclaimers, trippers
- Storage bins, Chutes, Steel Hoppers
- Walkways, Infrastructures, Staircases, Bridges

Services provided

- Analysis of design documentation
- RFI, Proposals and Solutions
- Complete 3d Modelling
- GAs for Approval
- Workshop Drawings
- CN, Fabrication
- Any List of Materials
- Erection Plans
- Welding book
- Construction Support
