

Expanding Brightly Training Options

Get in touch with us about your training needs and let us put together the combination of online learning, live online training, tutored learning and classroom training and workshops that suits your need (and your pocket!)

Classroom and live online training

Do you want traditional, trainer-led, teaching?

Our trainer-led courses deliver high-quality training, at your premises or online. Our trainers are accredited and are consistently praised in training feedback. Training is delivered in your database, using your data, and can be delivered to your processes.

Confirm Learn

Have you: lost a super user? Taken on new staff? Reorganised and need staff to expand their knowledge? Do you want to learn about an area of Confirm functionality you are unfamiliar with?

Our market leading **Learning Management System contains over 300 videos** covering all aspects of Confirm. Managed by you to enroll users, assign courses and monitor user learning, Confirm Learn provides anytime access to consistent and validated training.

Confirm Learn Learning Paths

Are you finding it time-consuming to put together courses for specific roles in Confirm Learn? Do you want to know how much time a candidate would need to spend on learning? Need the training to be validated and certificated?

Confirm Learn is being expanded to include learning paths. Our learning paths are certificated by The CPD Certification Service. Established in 1996, The CPD Certification Service is the largest and leading independent CPD accreditation organisation working across all industry sectors.

Master User uses

The complete learning experience for a system supervisor or functional specialist.

Master user uses Confirm Learn and learning paths to deliver training guided by a Brightly consultant.

Candidates will follow a learning schedule detailing the learning steps, learning material and exercises to be carried out in the dedicated learning space. A tutor will provide regular support and leaning assistance.

Master User training includes full access to Confirm Learn for a year and can be delivered to up to three learners at a time.

Ready to Confirm Learn?

If you want to hear how we can help you to provide high-quality training that fits the need of your Confirm users – get in touch!
