

PERMANENT REPAIRS

AT LOWER COST

JCB **POTHOLEPRO**
HYDRADIG

CUT • CROP • CLEAN WITH ONE MACHINE

THE LOW COST, 3 IN 1 SOLUTION FOR PERMANENT POTHOLE REPAIRS.

The JCB Pothole Pro is a unique 3 in 1 solution specifically designed to permanently fix any pothole repair or large patching operations efficiently and economically. It comes with 3 dedicated attachments to CUT. CROP. CLEAN. so no need for additional specialist equipment or extra manpower - saving both time and money. A pothole is repaired in just 8 minutes with the Pothole Pro, all you need to add is tar.

LOWEST COST

£29.28 per m² repair

FAST REPAIR

8 mins per pothole

PRODUCTIVE

Prepare 250m² per shift

PEACE OF MIND

5 year / 4000hrs warranty

SAFER

Eliminates HAVS

WHY BUY?

SAFE

- No requirement for jack hammers or circular saws – eliminating the risk of HAVS (Hand Arm Vibration Syndrome).
- Market-leading 360-degree visibility protects the public and highways operatives.
- Significantly reduces the time operatives spend in the live carriageway.
- No longer a requirement to have a sweeper on site.

PRODUCTIVE

- Repair 1 pothole in 8 minutes. That's 700 per month.
- Prepare 250m² of roadway in one shift or 5,000m² per month.
- Less time roading, more time working with 40kph travel speed and no additional transport is required.

“We have repaired 7 years worth of defects in just 12 months – it’s a no brainer”

JAMES HARPER

Highways Team Manager | Stoke-on-Trent City Council

PERMANENT

- Dedicated hydraulic cropping tool squares off holes for repairs that last.
- Focus on proactive maintenance, reducing the risk of small potholes growing into large patches.
- Temporary repairs such as spray patching are highly inefficient and costly long term.

ECONOMICAL

- Lowest cost per pothole of any permanent repair method.
- Our customers have told us that their average cost per pothole used to sit at around £60. Since their adoption of a JCB PotholePro, they have seen this halve to £30 (including material, labour and capital costs).
- 3 machines in 1.
- Ability to recycle planning materials as base or remix for new asphalt.

TRUST

- JCB LiveLink helps you to increase uptime and monitor metrics such as fuel efficiency. As well as protecting your assets with geofencing. www.jcblivelink.com
- Trust JCB to keep you up and running with technical and parts support for total peace of mind. With a network of 770 dealers and 2,200 dealer depots in over 150 countries worldwide and 18 parts warehouses with next day delivery, we've got the global expertise with local knowledge, so help is never far away.
- 5 Years / 4000hrs machine warranty as standard (excludes attachments) - must be dealer serviced.
- 2 weeks of operator training as standard with two courses to choose from (details available upon request).

WHY A PERMANENT REPAIR?

Just like a dentist has to remove all the decay when you have a filling, so your tooth can be filled properly without the recurrence of pain, it's the same with a pothole. It needs to be prepared properly before it is filled so it doesn't open up again within weeks. That's exactly what the JCB Pothole Pro does. It cuts, crops and cleans the hole so a permanent repair can be carried out.

HOW IT WORKS.

CUT

FROM THE CAB.

From the cab, you can easily adjust the 600mm planer, with hydraulic depth and tilt control to improve safety and maximise performance. It is designed to plane through a multitude of surfaces, including up to 170mm in Hot Road Asphalt (HRA).

CROP

FOR REPAIRS THAT LAST.

Maximise the life of your pothole repair with the dedicated cropping tool, which provides a uniform hole profile that lasts. It also eliminates the need for jack hammers or circular saws.

CLEAN

WITH ONE MACHINE.

The 1200mm wide sweeper collector with dust suppression, enables you to prepare your pothole in a matter of minutes. Milled up planings can then be dumped into a support vehicle for recycling.

PROVEN TO WORK.

The JCB Pothole Pro is being used by many authorities across the breadth of the UK. Due to the versatility of this machine - it is perfect for both smaller city councils, but also large rural county councils.

Whether you are a local authority or a contractor - we have a flexible solution to match your requirements. Please contact us for a quote for purchase, rent or financing a Pothole Pro today.

“We have repaired over 7 years worth of defects in just 12 months - it’s a no brainer.”

JAMES HARPER

Highways Team Manager | Stoke-on-Trent City Council

“This machine will drastically improve the roads of Stoke-on-Trent by repairing potholes even faster. We’re proud to be associated with JCB.”

COUNCILLOR ABI BROWN

Leader | Stoke-on-Trent City Council

MAN VS MACHINE.

The JCB Pothole Pro takes on a traditional road gang in a head to head race to fix potholes. Scan the QR code to watch the full video.

DAY IN THE LIFE.

Follow the JCB Pothole Pro for a day as it tackles potholes while working for Coventry City Council. Scan the QR code to watch the full video.

MUCH MORE THAN JUST POTHOLES.

The JCB Pothole Pro is the perfect machine for local authorities because it can do so much beyond fixing potholes. With the wide range of attachments available from JCB, it can carry up to 1 tonne in a shovel, stump grind, mow grass, trim hedges and trees, move pallets, blow snow and do trenching and demolition work.
