

For over 25 years, CHS Healthcare has been a trusted service, assisting tens of thousands of individuals to find the right care. We are a proven and recommended service working with the NHS and local authorities nationwide.

Why work with us

Since 2020, CHS have successfully supported more than 50,000 people to be safely transferred into the right care in the community.

Our focus is on supporting local authority and brokerage teams to help source the right care for people at the right time. We seamlessly integrate into your existing processes to alleviate the administrative burden on teams.

Our services

- Our local knowledge ensures we find providers who meet the individuals care needs, whether that's in a care home or supporting independence at home
- We provide guidance on funding and any other benefits available to service users, and ensure people understand how care assessments work
- CHS source and coordinate timely care provider assessments, ensuring service users and their families are supported throughout the process

Our promise

- ✓ Experienced and knowledgeable providers of health and social care services
- ✓ Services developed to meet the individual needs of your system
- ✓ Over 90% of people rate our service as "excellent"
