Care Leavers App

Helping local authorities
become great corporate
parents

Care Leavers App

We are focusgov and we have been partnering with local authorities to deliver digital transformation within social care since 2011.

Over 30 local authorities across the UK are already using the Care Leavers App to support their care experienced young people as they move to independent living.

By using the app, local authorities can publish their digital Local Offer alongside jobs, events, local services, apprenticeships and other resources; supporting young people on a 24/7 basis using technology they already use in day-to-day life.

Improve transition to adulthood by providing support and guidance

Information on finances, housing, rights and entitlements, health and wellbeing

Events calendar and directory of local services to reduce social isolation

Interactive budget planner

Bespoke unlimited digital surveys

Secure, private messaging between young people and leaving care teams

Digital pathway plan

Advice and guidance on good mental health

Mini-address book and 'favourites'

Content available in over one hundred languages

Designed to function with or without an internet / wifi connection or phone data

Reporting and statistics on App usage

Available for both iOS and Android devices

ISO27001 certified supplier and available on GCloud13

Client Case Studies

“

I'm so pleased that we're launching the Bee Connected app, which is all about giving care leavers the information and the confidence to help them live independent lives.

”

“

Having all the support and guidance set out in one place will make it as easy as possible for care leavers to understand their options and make their own choices.

”

- Andy Burnham
Mayor of Greater Manchester

How the Care Leavers App will help

Engages hardest to reach young people with accessibility features like text-to-voice and seamless translation into 100s of languages.

Helps to reduce social isolation through signposting to local events and organisations in the local community providing opportunity to socialise with other young people.

Supports reduction in NEETs through providing real-time information on regional apprenticeships.

Helps keep in touch with care leavers through secure 2-way messaging service.

Involves care leavers in design of services through using feedback from digital surveys to shape future provision.

You're in good company

Proud to partner with local authorities across the UK
