

DETOUR RENTAL

ACROW

“Acrow’s detour solutions maintain the flow of traffic and commerce safely through a construction site. Renting is a versatile and cost-effective solution.”

William Killeen, Acrow CEO

GRIDLOCK COSTS EVERYONE TIME + MONEY

Acrow modular bridges keep detour traffic moving throughout construction, increasing safety for workers and motorists while lowering accident rates. Short installation times offer economic efficiencies for businesses and consumers. Versatile and cost-effective, Acrow connects where you want to go.

ACROW CONNECTS WHERE YOU WANT TO GO.

Acrow specializes in the design and manufacture of modular steel bridging. We engineer our versatile, prefabricated components for both permanent bridges and rapid response applications such as detour, military and emergency bridging. Our comprehensive service guides you throughout the process. From design through final commissioning, **Acrow connects you to the right solution.**

SOLUTIONS + BENEFITS

Economical rental solutions

Accelerated Bridge Construction
using prefabricated bridge elements

Safer working conditions
for construction workers

Increased safety
for motorists

Reduced travel delays
result in positive economic impact

Versatile solutions
single-lane to multi-lane bridges

WHY RENT A DETOUR BRIDGE?

Restore your traffic flow faster using a dedicated Acrow detour bridge. We have a solution to fit your need. Our versatile, modular components are in-stock and ready for immediate delivery.

ACCELERATED BRIDGE CONSTRUCTION

Safer and more durable design

ECONOMIC SAVINGS

Cost-effective solutions

SAFER FOR WORKERS + MOTORISTS

Separates traffic flow from construction
