Our national network of specialist consultants has nurtured client and candidate communities throughout the country, taking care to listen to their experiences and understand their challenges, and deliver a personalised recruitment service to ensure every candidate, client, and end user is given the chance to thrive.

Revenues & Benefits

Despite the various challenges arising from changes in government, welfare reforms (Universal Credit), the integration of digital technology, global recessions and Brexit, we are continuing to see a real surge in the demand for contract professionals. Significant delays and policy amendments has led to a shortage of skilled housing benefits and council tax contract staff across numerous localities. There really has never been a better time to talk to Eden Brown Synergy - our specialist recruitment teams in Manchester and London have been with us for 15 years, meaning you can rest assured you'll receive expert advice and outstanding knowledge of the current housing benefits and council tax markets.

Further Education

With 35 years expertise and a deep understanding of the sector, Eden Brown Synergy places education professionals with further education colleges, sixth form colleges, UTCs, SEN schools, training providers, PRUs and more, into a variety of temporary and permanent roles, giving candidates a wealth of opportunity and choice. So if your school or college is seeking exceptional talent, you will find Eden Brown Synergy a trusted partner, not just today – but for the long term.
