*Don't miss out.  
Scan the QR code  
for more!*

### Highly Portable

All your webcasting needs bundled in a small box

### Intelligent Camera

Immersive 360-degree experience with automatic zoom

### Real-time Support

Expert assistance at your fingertips

**Ideal for small committee meetings** 

# Plug & Play Webcasting: Simple and low cost live-streaming for small committees.

## Flexible Configuration

Supports up to 20 in-room participants and can optionally be integrated as a fixed installation for larger meetings.

## User-friendly

Start, pause and stop live streaming and recording with just a single tap on the intuitive touch screen interface.

## Transparency

Live stream your meetings to a dedicated accessible website with subtitles and transcripts.

## Remote Participation

High-quality hybrid meetings with any conferencing software (Teams, Webex, Zoom...).

**“The AI-powered 360 camera combined with our seamless hybrid and streaming capabilities makes the Stream Box a cutting-edge solution that will elevate your small committee meetings”**
