LEADING THE WAY

## INTRODUCING RUBBER LINED PIPE SUPPORT CLAMPS

from

**NAVIGATOR<sup>®</sup>**

**Our high-quality pipe support clamps are suitable for many different types of pipelines, including PEX-AL-PEX, PPR, PVC, HDPE, copper, and galvanised piping.**

The solid steel clamp is electro galvanised for maximum corrosion resistance. Assembly is easy with each clamp supplied with M6/M8 threaded holes and matching bolts which are easy to locate with the unique safety retaining clip feature – so no more lost bolts when installing.

The ridged EPDM rubber liner design provides excellent grip, consistent support and helps with any slight installation variances. This safely protects & secures the pipe while reducing vibration and noise.

- Temperature range: -50°C to 110°C
- Hardness 45±5\* shore
- Fire Rating: DIN 4102: class B2

# CLIP SIZES AVAILABLE

Standard stock sizes are shown in the table below, other sizes are available on request.

PRODUCT CODE	PRODUCT DESCRIPTION
CLRL-1519	15mm-19mm Rubber Lined Clip Blue Lock
CLRL-2023	20mm-23mm Rubber Lined Clip Blue Lock
CLRL-2628	26mm-28mm Rubber Lined Clip Blue Lock
CLRL-3235	32mm-35mm Rubber Lined Clip Blue Lock
CLRL-4043	40mm-43mm Rubber Lined Clip Blue Lock
CLRL-4449	44mm-49mm Rubber Lined Clip Blue Lock
CLRL-5056	50mm-56mm Rubber Lined Clip Blue Lock
CLRL-5761	57mm-61mm Rubber Lined Clip Blue Lock
CLRL-6367	63mm-67mm Rubber Lined Clip Blue Lock
CLRL-7480	74mm-80mm Rubber Lined Clip Blue Lock
CLRL-8391	83mm-91mm Rubber Lined Clip Blue Lock
CLRL-101106	101mm-106mm Rubber Lined Clip Blue Lock
CLRL-108114	108mm-114mm Rubber Lined Clip Blue Lock
CLRL-117125	117mm-125mm Rubber Lined Clip Blue Lock
CLRL-131136	131mm-136mm Rubber Lined Clip Blue Lock
CLRL-140144	140mm-144mm Rubber Lined Clip Blue Lock
CLRL-159163	159mm-163mm Rubber Lined Clip Blue Lock
CLRL-165169	165mm-169mm Rubber Lined Clip Blue Lock
CLRL-204210	204mm-210mm Rubber Lined Clip Blue Lock
CLRL-210220	210mm-220mm Rubber Lined Clip Blue Lock
CLRL-224235	224mm-235mm Rubber Lined Clip Blue Lock

# BACK PLATES

To complement the pipe clips we also stock backplates which are compatible with most pipe support systems. Please note the minimum quantity for these parts is 25.

- Material: BZP Steel
- Size: 10mm
- Female and Male
- Thickness: 2.0mm
- Width: 20mm
- Safe Working Load: 1200N
- Breaking Load: 3600N

## M10 BACKPLATE FEMALE FOR GALVANISED STEEL RUBBER LINED CLIPS

Product Code **CLGSRLBPF**

## M10 BACKPLATE MALE FOR GALVANISED STEEL RUBBER LINED CLIPS

Product Code **CLGSRLBPM**
