Our Services

Our all-encompassing service and how we deliver is key to ensuring our clients feel they have received value from engaging our service.

We appreciate we are often dealing with family and friends during a very emotional and upsetting time and so aim to help and support them wherever and however we can.

Some examples of what we can and do as part of our service:

Probate Research — locating heirs and beneficiaries to settle estates efficiently.

Will Writing — offering Basic, Premium, and Bespoke will-writing services tailored to your needs.

Asset Reunification — reconnecting individuals with lost or unclaimed assets.

Estate Administration — managing and distributing estates with professionalism, consideration and care.

Family Tree Building — creating detailed and accurate family trees for personal or legal use.

Ad Hoc Services — providing customised research and genealogy services based on your specific needs.
