

IN PARTNERSHIP WITH
BARTEC MUNICIPAL TECHNOLOGIES

Helping residents to recycle

Helping your residents get wise about waste

The Challenge

Simpler Recycling aims to make recycling across England consistent and convenient for the public. For many it will change the way their waste is collected.

It's not the only change in store. Local Government Reorganisation and Deposit Return Schemes will bring further change to your residents.

The Solution

Recycle Coach is a new, nationwide app designed to make recycling easier for residents. Every council can publish up-to-date collection information.

Best of all, it's free for councils and free for residents. An up-to-date collections calendar, automatic reminder notifications and seasonal educational content. You don't even need to be a Bartec customer.

A Partnership for the Future

FutureWe are bringing Recycle Coach to the UK as a nationwide service, fully managed by Bartec. Taking part is easy - just scan the QR code to register and we'll get it underway.

Sign up now for...

- ✔ Real-time collections calendar
- ✔ Bank holiday updates
- ✔ Reminder notifications
- ✔ Calendar downloads
- ✔ Printable PDF calendar
- ✔ Educational information and seasonal updates
- ✔ Full DPIA documentation
