Helping local authorities become great corporate parents

Care Leavers App

Over 30 local authorities across the UK are already using the Care Leavers App to support their care experienced young people as they move to independent living.

By using the App, leaving care teams can digitalise their Local Offer, promote local events and services and publish jobs, apprenticeships and other opportunities. The App can also significantly increase engagement through digital surveys and secure messaging.

Information on finances, housing, rights & entitlements, health & wellbeing

Further education resources from UCAS

Interactive budget planner

Events calendar and directory of local services to reduce social isolation

Secure, private messaging between young people and leaving care teams

Bespoke unlimited digital surveys

“

focusgov are highly responsive and take the time to listen carefully to our needs, both in relation to the app and the requirements of our local authority. They co-produced the app alongside our young people, ensuring it was genuinely shaped by their views and experiences.

”

“

The app is great, and I love that you've shown me the discounts and offers I can access.

”

- Care Experienced Young Person, Nottingham City

How the Care Leavers App will help

Engage with all young people through accessibility features like text-to-voice and seamless translation into 100s of languages.

Helps to reduce social isolation through signposting to local events and organisations in the local community providing opportunity to socialise with other young people.

Supports reduction in NEETs through providing real-time information on regional apprenticeships.

Helps keep in touch with care leavers through secure 2-way messaging service.

Involves care leavers in design of services through using feedback from digital surveys to shape future provision.
