

ACROW

“Bridges, finance, training – Acrow brings together these key elements to implement our comprehensive bridge development programmes. This fulfils our mission to positively impact communities and economies by delivering durable, transformative infrastructure.”

William Killeen, Acrow CEO

WE BRING IT ALL **TOGETHER**

Extensive Skills Transfer
Local Partnership
Lasting Legacy

Modular Design
Trusted Engineering
Quality + Durability

Bankable Financing Solutions
Stakeholder Engagement
Proven Track Record

ACROW CONNECTS YOU TO TRANSFORMATIVE INFRASTRUCTURE DEVELOPMENT

Acrow specialises in the design and manufacture of modular steel bridging. We engineer our versatile, prefabricated components for both permanent bridges and rapid response applications such as detour, military and emergency bridging. Our comprehensive service guides you throughout the process. From design through to final commissioning, **Acrow connects you to the right solution.**

BUILDING BRIDGES LEAVING LEGACIES

No matter how complex, Acrow can make your bridge project a reality. Large-scale infrastructure investments require bankable structured finance arranged by project leaders with a proven track record. We bring the right stakeholders together to develop the best solutions for bridge design, financing and training.

WE PARTNER WITH YOU TO...

- develop rural road networks
- secure financing
- implement training programmes
- leave a lasting legacy
